

Outsourcing

We offer strategic outsourcing solutions that give clients access to intellectual capital which may not be available in-house. By handling all the backend processes in an efficient and time-bound manner, we help organizations to focus on their core processes. We help small firms with access to the same economies of scale, efficiency, and expertise that large companies enjoy.

We provide fully integrated **Payroll Processing & Recruitment Back Office** solutions.

Payroll Processing:

Payroll management is an essential service, in the HR spectrum and is also perhaps the most complex. It requires a high degree of planning, efficient work allocation, rigorous quality adherence and agility. Choosing the right payroll partner would be a critical first step in maximizing the gains for any company.

Recruitment Back office solution:

Our recruitment back office solutions are tailor made for non-core processes in recruitment. Candidates and recruiters are freed up from time-consuming activities such as customization of CVs and the expense and hassle of identifying candidates and processing applications.
